

How to: Set up autoload for your Monthly Pass

The Connect Card autoload program will make paying for your transit fare even more convenient. The following tutorial will teach you how to set up an autoload of a monthly pass.

Let's get started.

Once you've logged into your Connect Card account click on the Manage Card button.

The screenshot shows a web browser window with the URL <https://test.connecttransitcard.com/23083/Card>. The page header features the 'CONNECT TRANSIT CARD' logo and the tagline 'THE EASY WAY TO PAY'. A navigation menu includes 'Home', 'How it Works', 'Frequently Asked Questions', 'Events', 'Sales Outlets', and 'My Card'. A secondary menu contains 'Manage Cards', 'Edit Profile', 'Payment Options', 'Orders', and 'Log Off'. A 'Shopping Cart' icon with a '0' badge is also present. The main content area is titled 'My Cards' and includes a welcome message: 'Welcome, Connect (ConnectCard)'. Below this, there are two buttons: 'Get a card' and 'Link card to account'. A card with ID '100101977' is displayed, featuring a 'Manage card' button with a black arrow pointing to it. The card details are as follows:

State	Active
Cash Value Balance	\$0.00
Active fares	0 (Pending* 1)
Shared	No

Footnote: * Transit fare reloaded to your Connect Card through the website may not be reflected in your balance for up to two business days.
Footnote: * If you have loaded transit fare online and the status says "**Pending**" - your fare will be loaded to your card the next time you tap.

Page navigation: Select page 1, Go to 1, Rows/Page 25, Total pages 1, Total records 1.

Please note that you can only add an autoload to a pass that you have already purchased. If you need help purchasing your pass, please see our How to video on purchasing passes. Once your pass has been purchased simply click the add autoload button next to the pass you wish to setup.
